

LEICESTER GRAMMAR SCHOOL TRUST

HEALTH & SAFETY GENERAL POLICY STATEMENT

This policy has been written with regard to the guidance given in the DfE document "Health and Safety: Advice on legal duties and powers for governing bodies" (February 2014)

INTRODUCTION

Leicester Grammar School Trust ("The Trust") attaches the utmost importance to the safety, health and welfare of its employees, pupils and visitors. The Trust will comply with the provisions of the Health and Safety at Work Act 1974 and all subsequent regulations, including those implementing EC Directives.

The Trustees bear ultimate responsibility to provide leadership and recognise their collective responsibility to provide, as far as is reasonably practicable, a safe and healthy environment for staff, pupils, parents and visitors to Leicester Grammar School ("LGS"), Leicester Grammar Junior School ("LGJS") and Stoneygate School. In this the Trustees are assisted by the Health and Safety Committee, a sub-committee of the Board.

Day to day responsibility for Health and Safety is delegated to the Chief Executive, assisted by the Business Director, the Facilities Manager, the Health and Safety Trips Co-ordinator (at LGS/LGJS) and the Headmaster of Stoneygate School (with specific responsibility for the Stoneygate site).

The Headmaster and Chief Executive will take steps so far as is reasonably practicable to ensure that the workplace is a safe and healthy environment in which its employees, pupils, contractors and other persons affected by the school operations can work.

The Headmaster and Chief Executive, assisted by the Business Director, the Facilities Manager, the Health and Safety Trips Co-ordinator and the Headmaster of Stoneygate School

will make the necessary assessments, identify safety training and provide information and supervision for employees at all levels. Regular consultation will take place with all employees and/or staff representatives with regards to health and safety issues. Any necessary safety devices and protective clothing will be made available.

FOCUS

The Trust's work programmes will, so far as is reasonably practicable, adopt good safety practices. These will include:

- the safe use, storage, handling and transport of articles and substances;
- the provision of adequate information, instruction, training and supervision for employees including temporary employees and contractors;
- the provision of safe machinery and equipment regularly maintained, including the operation and maintenance of plant and systems of work;
- the provision of a safe and healthy place of work, including access and egress to and from the premises, and adequate facilities and arrangements for the welfare of employees at work;
- consideration of the safety of pupils, parents, contractors and any others accessing the premises including those who hire or undertake leisure activities.

CO-OPERATION

All aspects of health and safety remain a management responsibility. However a safe and healthy workplace can only be achieved with the full co-operation of every employee.

Employees are duty bound to act responsibly and to do everything possible to prevent personal injury to themselves and to others. They must also safeguard all persons to whom the Trust owes a duty of care, namely people who may come into contact with their work; pupils, parents, visitors etc. To achieve this, employees must:

- obey all the safety rules and procedures, including the wearing of protective clothing and the use of protective devices if they are specified by the School risk assessments;
- exercise their awareness, alertness, self-control and common sense at work;
- report promptly to their department head or line manager all hazards, potential hazards, defects in equipment and any shortcomings in the School's work systems or procedures.

Employees should not be in any doubt that the Trust will apply disciplinary procedures to any employee who is in breach of the Trust's health and safety policy. This includes any specific safe systems of work, instructions, training and procedures laid down for the protection of those involved in the School's operations, and for those who may become involved in them.
